Memo No. 856-3 dated 18th May 1943 requesting his concurrence to the continuance of the Printing Industry in the Central Jail, Bangalore for a further period of 2 years from the 15th April 1943.

Submitted for orders with a draft G.O.

6-7-43

10/5/43

The Prisons Reforms Committee observes in paras 68 of Chapter IV of their Report —

"Curiously enough printing work was not included in the list, though it was being done with convict labour in the Bangalore Central Jail for several years. It is one of the recognised industries in English & British Indian prisons. It is the largest of those in regular use in the penitentiary in Madras City, where some three hundred prisoners are often employed on it. It is one of the two major industries in the Yeravada Central Prison, and employs some 200 prisoners on an average, besides a certain number of free labourers engaged in view to contingencies. Three lakhs of rupees have been invested on the jail press at Yeravada, and the annual outturn is about the same amount. The work

8145

Continuation Sheet. File No. / Current No. of Page.

is thus both useful and profitable. Printing, along with the subsidiary work, undertaken is in our opinion, particularly suitable for the more intelligent prisoners and should be carried on in the Bangalore Central Jail

The printing industry was introduced into the Central Jail ~~immediately~~ shortly before the Prisons Reforms Committee made their report on a tentative measure for a period of two years from April 1941. The I.G.P. reports that it has worked well and recommends its continuance for a further period of two years.

His recommendations may perhaps be approved with financial concurrence the question of placing the industry on a permanent basis being considered later.

HWW 13/5

Law Secy

It is doing good work. May be continued for two years. It will then be made permanent

SECY. L. & W. DEPT. GOVT. 1943

OFFICE OF the Inspector-General of Prisons in Mysore, Bangalore, Mr. K.T.

Date 26th April 1943. MAY 1943

To The Secretary to the Government of His Highness the Maharaja of Mysore, Law Department, Bangalore.

Pris 129-42-1

Sir,

Adverting to the Government Order No. P. 5055-8/Pris. 92-40-1 dated the 7th April 1941 sanctioning the introduction of a Printing Press in the Central Jail, Bangalore on a tentative basis for a period of two years with effect from 15th April 1941, I have the honour to state that the scheme has worked satisfactorily. Some of the prisoners have learnt the art of printing as a result of the training they had. I submit herewith a copy of letter No. P. 2516 dated the 2nd April 1943 from the Superintendent, Government Printing together with a copy of letter No. 2167 dated the 20th April 1943 from the Superintendent, Central Jail, Bangalore and recommend that in the circumstances explained therein, the Printing Industry may kindly be ordered to be continued for a further period of two years from 15th April 1943.

I have the honour to be,
Sir,
Your most obedient servant,

Inspector-General of Prisons.

Copy of letter No. 2516 dated the 2nd April 1943 from the Superintendent, Government Printing, Bangalore to the Inspector-General of Prisons in Mysore, Bangalore.

Adverting to G.O. No. P. 5055-8/Pris. 92-40-1 dated 7-4-41, in the matter of imparting instruction in Printing to the Prisoners undergoing their sentences at the Central Jail, Bangalore, at the Press started with themachinery and equipment supplied from the Government Press and located in the Central Jail, Bangalore, I have the honour to state that the period of two years for the duration of

which the scheme has been sanctioned on a tentative basis is drawing to an end and will expire on 15-4-1943

As far as I am aware the scheme has worked satisfactorily and many prisoners seem to have learnt Printing as a result of the training they got at the training Press. This is certain to stand them in good stead in their after prison life and will go a long way in helping them to earn honest living. Besides, with a course of about a year, the Press composed 220 Foolscap pages, prin printed 3.22.237 impressions and bound 12,472 books.

Therefore, I am of opinion that the experimental measure may be tried for another two years, before coming to a definite conclusion in the matter. I request you, therefore, to kindly address Government in the matter.

Copy of letter No. 2167 dated 20th April 1943. from the Superintendent, Central Jail, Bangalore to the Inspector-General of Prisons in Mysore, Bangalore.

Adverting to G.O. No. P. 5055-8/Pris. 92-40-1 dated 7-4-41, sanctioning the introduction of printing in the Jail as one of the industries for a period of 2 years from 10-4-41, I have the honour to state that as suggested by the Superintendent Government Printing, Bangalore in his letter No. P. 2517 dated 2-4-43, I recommend the continuance of the same for a further period of two years in view of the training to the convicts in this industry which will be useful in their after life.
